

Your wedding at Château Gassies

Congratulations, we are delighted that you have chosen to spend your special day at Château Gassies.

You have your venue chosen and the date saved, but what should you do now?

Here is some advice on how you can ensure simple and smooth running of your big day.

Next steps

Now you have your date, you might want to consider contacting our exceptional partner caterers to ensure they have the date available also. The caterer will provide you with a tailored quote that will include the welcome drink, the cocktail and the evening dinner. They can also provide a quote for the evening before and the Brunch day. The caterers will supply the linen, tableware, glassware and cutlery. Once you have successfully chosen your caterer they will offer you a tasting session... the fun part!

Château Gassies will provide you with a site coordinator that will be your person of contact within our team and also present during your wedding. However, as we are not Wedding Planners, we would highly recommend that you work with one. We have a selection of wonderful florists on our partners page that can offer you plenty of expertise and exquisite designs. The flowers you choose for the wedding day can be reused for the brunch the day after.

After dinner I'm sure you would like to dance the night away. Whether it be a band or a DJ, we have multiple agencies that are waiting to help find the exact style you'd like. As a reminder the evening must finish by 4am. Please choose your caterer, DJ/music group, babysitter and Wedding Planner from our list of partners. [Click here to see our list.](#)

It's your big day, so you can choose the timings that are most suitable to you. As a guide the typical order of events are as follows;

- ~ Your guests are welcomed to the Château with a welcome drink
- ~ The ceremony commences
- ~ Cocktail hour, perhaps followed by group photos
- ~ Your guests make their way to the Charles X reception hall for dinner and dancing

To avoid any complications, we advise you to pre-book transportation for your guests including the return journey. We can recommend shuttle services. Guests are equally welcome for the first evening as well as your Brunch day. If you are planning to organise transportation for a group, please ensure that you book a bus with a maximum capacity of 28 passengers, as larger vehicles are not permitted on the Château grounds or to park on the main road in front of the gate.

For guests that won't be staying at the Château, we can suggest hotels as nearby accommodation. [Please click here to discover our partner hotels and their special offers for your guests.](#)

Before you say “I do”, here are some things to consider when planning each stage of your events at the Château.

The Role of Château Gassies' Site Coordinator

✓ What your Château Gassies' site coordinator will help you with.

Château Gassies' coordinator will be available throughout your stay to ensure everything runs smoothly.

They will welcome you and your guests on arrival with our golf cart and guide you through the check-in process (security deposit, image authorization form, and inventory).

The coordinator will:

- ~ Show guests to their rooms
- ~ Coordinate with all vendors and ensure on-site guidelines are respected
- ~ Be available daily from 9am to 7pm at the front desk to assist with guest questions, taxi bookings, and printing

On the wedding day, they will:

- ~ Welcome guests at the château entrance and manage the guest list
- ~ Remain at the front desk until everyone is seated for dinner
- ~ Clear ceremony chairs and cocktail furniture (if provided by us)

On departure day, they'll assist with our golf cart and taxis if needed.

✗ What is not included in the Château Gassies site coordinator's role.

Please note that the Château Gassies site coordinator is not a wedding planner. Their role is to assist with all matters related to the venue and ensure smooth logistics on-site, they will not handle event planning or setup tasks.

While our team is here to support you throughout your stay, certain setup tasks are managed by your wedding planner or designated helpers (such as your bridesmaids, groomsmen, friends, or family). This includes:

- ~ Arranging furniture for the welcome dinner, ceremony, reception, and brunch
- ~ Setting up your decorations
- ~ Bringing any tools or materials needed for the setup (e.g. string, tape, containers)

We provide all the necessary furniture (tables, chairs, etc.), but setup and styling should be planned in advance with your coordinator and carried out by your planner or helpers. If you're using a food truck instead of a caterer, we especially recommend organising a few extra hands to help with setup.
