

Thémaé Paris

Products & Care

THÉMAÉ is a Japanese name meaning "the different phases of preparation and presentation of the tea ceremony".

This independent French brand was born in 2007 from the passion of its president and founder Guillaume Lefèvre for the art of tea and travel, and his conviction that the intrinsic virtues of tea are as good for the body as they are for the mind.

Thémaé products are developed and manufactured by its French laboratory in accordance with European requirements.

Products

Cosmeceuticals are developed by a doctor and made in France to offer your skin natural solutions that meet your requirements in terms of results and safety.

Offers – Facial Treatments

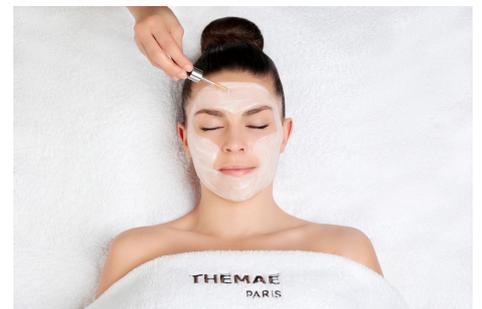

Thémaé Ceremony - Duration 90 min

This intensely relaxing signature ritual combines a deep back massage, an ultra-moisturizing facial and a relaxing foot massage. Relaxation begins with a relaxing back, arm and neck massage to release deep tension. The Hydra[™]Thé facial treatments then offers a “hydratation infusion” to the skin, for a fresh and rested complexion: deep skin cleansing, scrub, facial massage and a radiance-detox mask. Finally, a relaxing foot massage completed this moment of intense relaxation.

Original Beau[™]Tea Treatment - Duration 60 min ou 90 min

This complete facial treatment targets the signs of aging and helps to “recharge” the skin with intense hydratation.

After a complete double cleansing, a fruit enzyme peel and a steam bath, anti-ageing dermo-kneading then helps to smooth out areas of the face with wrinkles and fine lines. The effectiveness is multiplied tenfold with the choreography of the Ridokis, stimulating accessories for expression areas. This skin is ready to receive the hydra-repluming mask with pure and with a nourishing and regenerating hand and foot massage with ultra-melting balm.

Japanese Lift Firm[™]Tea Treatment - Duration 90 min

This global anti-aging treatment, inspired by the Japanese facial massage “Ko bi do”, offers a “shot” of firme[™]tea and vitali[™]tea to the entire face and neck.

After a complete double cleansing, a peeling helps oxygenate the skin and a Japanese “Ko bi do” facial massage is given. This ancestral visible rejuvenation is composed of precise, rhythmic and toning manual maneuvers. The targeted use of Ridokis and Nouat naas, stimulating and firming accessories, complete the effectiveness. The face is ready to receive the V-Lift Mask, and an arm and foot massage.

Pure[™]tea Treatment - Durée 60 min

This detoxifying treatment is ideal for purifying and oxygenating combination to oily and/or asphyxiated skin.

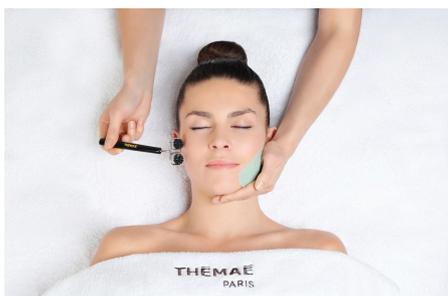

It offers the face a gentle double cleansing, a blackhead extraction, an enzymatic peeling and a detox mask with white clay. The effectiveness is multiplied tenfold with the choreography of the Ridokis, stimulating accessories for expression zones. Finally, a relaxing massage of the trapezoids, neck, décolleté, hands and arms transforms this treatment into a real moment of pleasure. This skin is clear, the complexion is sobered, revealing all its radiance.

Green Tea Radiance Treatment - Duration 25 min

This radiance boosting treatment is ideal for revealing a fresh and luminous complexion. It offers the face a gentle make-up removal, an exfoliation, a steam bath and a radiance mask with lupine and moringa extracts. Finally, a relaxing arm massage transforms this treatment into a real moment of pleasure.

This 25-minute treatment is an additional treatment to savour to complete the Thémaé experience. It can accompany a treatment or a massage of a least 60 minute to create a personalized Ceremony.

Offers – Body Treatments & Massages

Oriental Relaxing Massage - Duration 60 min ou 90 min

Anchored in the oriental tradition, this ultra-relaxing massage is experienced at the place of slow, soft and enveloping techniques. The whole body as well as the face, is massaged in parallel movements, like a soothing rocking. The muscular tensions are liberated under the effect of the kneading and generous smothering, for a total relaxation.

A moment of intense relaxation...

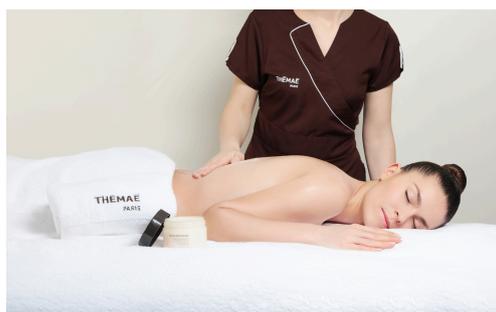

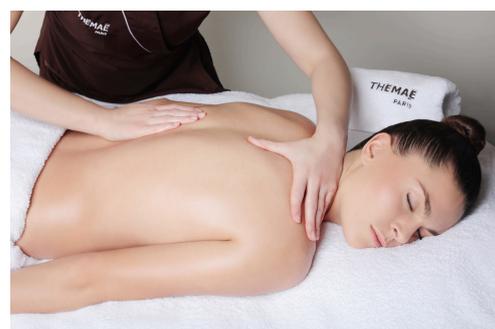

Energising Ayurvedic Massage - Duration 60 min ou 90 min

A powerful massage, deep and rhythmic, borrowing techniques of Indian tradition: circular and sliding pressures, friction, acupuncture, tapping and stretching. The skin heats up, the muscles of the whole body are relaxed: back, legs, feet, arms, shoulders and neck.

The body and mind are full of vitality, for a boost of energy.

Revitalizing Back Massage - Duration 60 min

A deep muscular massage targeting the back (trapezius, shoulder blades, paravertebral), the neck and the scalp with alternating pressure and kneading and Thai stretching. For total relaxation, the tensions of the legs are also released. Intensely revitalized and unknotted, the body regains its balance.

VelveTea Body Scrub - Duration 25 min

A delicious body scrub combining the exfoliation of bamboo powder and sea salts, the sweetness of apricot oil, macadamia and shea butter. Enriched with the antioxidant Complexe des 4 Thé[®] (4 Tea Complex), this treatment gives the body a radiance and softness for a visibly smooth skin texture.

This 25-minute treatment is an additional treatment to savour to complete the Thémaé experience. It can accompany a treatment or a massage of a least 60 minute to create a personalized Ceremony.
